I want to thank everyone that came down for the pancake breakfast on June 17th and especially the people that made it all possible (you know who you are) while Gunther was enjoying some deep sea fishing. THANKS!

If you missed us at the last general meeting in June, you still have time to join us at the July meeting at the marina pavilion. Congratulations to Walter (Insanity II) as the winner in the 50/50 drawing at the meeting. These drawings will be held at each meeting along with refreshments.

With the 4th of July approaching us, I would like to remind everyone to have a safe and enjoyable weekend. For the new boaters at Edgewater, the ODNR, Coast Guard, and Cleveland police will be out in full force this weekend. Don't be surprised if you are boarded for a routine safety inspection.

Club membership is more than having your boat in a great marina; it's even about more than putting in a few hours work. Membership in any organization is about adding your persona, energies and skills for the greater good of all. All that join the Club carry this responsibility. Lend us your hands, participate in Club activities and support the Club with your ideas.

As a power boater, I would like to leave you with some Sailing quotables I found:
'Our drinking team has a sailing problem'
And finally: 'Sail fast live slow!'

Fleet News & Views

This summer sure seems like its flying. All those events that we had were all a lot of fun, but I am especially looking at the ones coming up that promise to have even more fun. I am just going to talk about the ones that I'll be in charge of.

First one is the Poker Run. Last meeting we determined that this year we would take the hole fleet East, towards Fairport Harbor. Just like last year, the poker hands are \$15.00 each for members and \$20.00 each for nonmembers. Poker hands will be available for purchase starting July 4th. Unfortunately, I will be unable to attend our July meeting, but you can still purchase your Poker hands then from one of our officers, most probably Russ. I also need to get an idea of the fleet size, so I need all the participating captains to let Russ know the size and type of your vessel. I will have more details on docking soon.

'Till next time mateses...

There was a new pancake chef this year, and he did a great job! Thank you, Mike Chapin. The pancakes and sausages were great, but there was very few to eat them. I am asking, Do you think we should just cancel this event and plan something else? Every year this gets smaller.

The big event of the year is coming up the 22nd of July. That's right, it is Xmas in July. Looking for raffle gifts. Anyone wanting to donate, can just bring them down to the marina. We will try and keep the price the same as last year, that was \$ 19 for non- members, and \$17 for regular members. There will be a \$ 5 dollar gift exchange, only if you choice to partake. As always we could use some decorations to use also, if you have any left over wrapping paper, we could use it to decorate the tables. The cut off day for the event is the 16th of July. Call with your reservations!!!!!!!
Remember, you must tell us if someone wants chicken instead of steak.

It's July, happy birthday USA,

We got by with "A Little Help From Our Friends". Mid June is not where it is at for splashing the boat, oh the rains of May. But we are finally at dock. Thanks for the help.

Everyone knows that we are to have knowledge of the Nav Rules, aka "The Rules of the Road". Also a copy of the above rules is to be on the vessel. Here is a site to download the rules and have them on your computer as well. This is great; there are quiz sections as well as all the info. Download and learn. <http://www.navrules.com/>

Software Publisher's Description

Loki is a location-based Internet search, content navigation and location-sharing browser toolbar. Leveraging Skyhook's Wi-Fi Positioning System (WPS) to automatically define a user's exact physical location, this customizable toolbar not only turns a Wi-Fi enabled laptop into a virtual GPS

device, but it also integrates that location into the user's Internet search, browsing, and communications. For the first time, Internet users can easily integrate their view of the digital world with their physical location. With one click, instantly find the nearest jazz band, directions to the closest Thai restaurant, and the cheapest gas prices in town or even pinpoint your exact location on a map. You can even share that location with others. You must register at ZD Net to be able to download. Version 1.0.2.15 features minor enhancements and fixes minor bugs.

Fishing News

Submitted by Walter Dlugon III

Walleyes are biting from the crib to 70 foot of water straight out from Edgewater. People are catching them drift fishing with Erie Dearies and worms or trolling spoons with down riggers, dipsy divers or planer boards. Steelhead trout are biting the same way from 62 foot to 70 foot of water. Perch fishing has been spotty and should pick back up in the fall.

Upcoming Meetings

EMBC monthly meetings are held the second Wednesday of each month at 7:30pm. During the warm months the meetings will be held at the marina.
